THE NEWS.—We have full details of the great Shenandoah fight. "Little Phil," as we used to call Gen. Sheridan, has covered himself with a mantle of military and patriotic glory. Upon an arena, where he was hardly expected to accomplish anything, he has won a proud and secure fame, which will last as long as the free institutions of the nation exist. Let us all rejoice in the worthy results achieved by his intelligence and perseverance. The work done was most brilliant, critical and praiseworthy. The complete report will be of interest to all our readers. Other items of importance in the dispatch and in our Salem correspondence, will receive their full consideration.

SUPPOSED MURDER.—We learn from the Eugene *State Journal* that considerable excitement was created last week by the report that George Meek, of Lane county, had lately been killed on the Eugene and Canyon City trail, at Willow Creek, in the western spur of the Blue mountains. A party of eight or ten persons came to Eugene City two weeks since and brought his horses and dog, which they found on Willow creek. It is supposed that he was murdered for his money, and suspicions are rife as to who perpetrated the deed. A company left Eugene last Wednesday to search for the body, and further investigate the subject.

SHEEP.—The number of sheep in Lane county, says the *Journal*, as shown by the Assessors' books, is at present about forty thousand. At the time the Assessment was made, the number was upwards of thirty-five thousand, and several droves have come in since from California.

The published exhibit of the finances of Marion county, shows the total indebtedness of that county to be over $4,000.

Letter from Oregon City.

We take great pleasure in giving the following letter from a prominent member of the Union party in Clackamas county, a place in our columns:

EDITOR OREGONIAN:

As a Union man, whose first preference was for Pearne for Senator, I am glad to see that your city proposes to receive by suitable public demonstration, the unconditional patriot, George H. Williams, who has been chosen by the loyal Legislature of Oregon to fill a place made illustrious by our dead Baker. These are days of principles more than of men, and though your county as well as ours would probably give a majority, in a popular vote, for Pearne, that need not, indeed does not, prevent our cheerful and hearty acquiescence in the will of a majority expressed in a constitutional way. The will of a majority is the law of a Republic, and especially in these days, when a defeated minority in the South are moving heaven and earth to destroy the Government, and to prove the experiment of free institutions a failure, there should be the most cheerful unanimity among the friends of the Union.

Men who have the honor to be chosen standard-bearers of the Union cause, should be surrounded on every side by earnest supporters, who will hold up their hands till the battle is fought and the victory won. There should be no word or act of ours that can give comfort to a rebel in the South, or to a traitor in the North.

In the exhibition of a pure, unselfish patriotism, the triumph of a righteous course is made sure, and the cause of liberty and the Union is glorified.

If you need help, for a jubilee or ratification meeting, a few of us at least, can, and will come down with ready cheers for the Union and for our Honorable Senator.

FROM THE CAPITOL.

[SPECIAL CORRESPONDENCE OF THE DAILY OREGONIAN.]

SALEM, TUESDAY, Sept. 20, 1864.

The House was opened by prayer from Rev. O. Dickinson, and proceeded with business in quite an energetic manner.

THE HOUSE IN A WORKING MOOD.

Mr. Fay presented a memorial from the citizens of Jacksonville, announcing that some 114 acres had been located by the corporate authorities according to the laws of the United States, and asking the Legislature to pass an act to enable the corporation to make deeds to actual occupants, and to dispose of the remainder, &c.

This memorial was referred to a select committee of three, Messrs. Fay, Beall and Sobger, who will probably report a general law, for the benefit of all so located town sites.

Mr. Borland offered a petition from the Common Council and others of the Dalles, desiring the extension of corporate limits, increase of taxing, and licensing power, &c., which was referred to a select committee of Messrs. Borland, Colt and Lane.

MORE BILLS ANNOUNCED.

Then followed notices of numerous bills that members intended to introduce in the future, which will be noticed on the different readings. Mr. Thornton as usual had quite a batch, yet unfound, some of which, I should judge, will be necessary and important, and all of which tend to show the gentleman possessed of a desire to have something accomplished this present session of the Assembly, if he has to do it all himself.

Mr. Fay announced "a practice act," as his contribution. He evidently intends to make war upon the Code.

A FLURRY OF PATRIOTISM.

Mr. Lawson offered a joint resolution intended to reflect and assert the loyalty and Unionism of this Legislature, convey the intelligence to Uncle Abraham that Oregon was sound on the main question, and would stand by him. These resolutions are somewhat lengthy and might be called eloquent, as an effort upon the stump, combining as they did, the spread eagle and the [illegible], with a considerable degree of [illegible] and well said matter. In fact, I did not appreciate the denunciation of slavery, and the summing up of its especial horrors; and the document fails in being the dignified enunciation, it might be, of the loyal sentiment of a people, coming from chosen representatives and law makers. There was some trouble in disposing of the resolutions. Thornton—thrilled by its patriotic tone—was for the immediate adoption of them.

Bowlby was for giving those who might dissent from their tone a chance to say their say, and get a good ready to say it.

Fay acknowledged the courtesy that prompted the remark and moved to lay on the table.

Underwood moved to commit them to the Committee on Federal Relations, and the motion to lay on the table prevailed, with the intention that when all the patriotism (and the want of it) had been ventilated in resolutions they might all be attended to at once.

Thereupon Mr. Lane offered a resolution covering the Constitutional views of the Oregon Democracy, which was also laid upon the table.

THE PROPOSED GRANT OF PARISH AND WIFE.

Mr. Gillett offered H. J. R. No. 6, relative to the proposed grant to the State of ten acres near Salem, by J. L. Parish and wife, for the purpose of an Insane Asylum being built thereon; that a committee of three be appointed to visit the ground to be donated and report as to its adaptability to the purpose designated, with a view that the Governor be prepared to receive a deed for the premises from the donors mentioned, which resolution passed.

MISCELLANEOUS BUSINESS.

Mr. Fay announced his intention to present a "Bill repealing Militia Act," which will be a lively topic sometime, and no doubt most of your readers would like to see it prevail.

H. B. No. 1, to incorporate the city of Portland, was read 2d time, considered engrossed and ordered read 3d time to-morrow.

H. B. No. 2, by Thornton, to prevent homesteads from execution, read 2d time and referred to Joint Judiciary Committee.

H. B. No. 7, relating to time of majority, read 2d time, considered engrossed and ordered read 3d time to-morrow.

H. B. No. 8, to amend an act relating to the qualification of voters; read 2d time and referred to Committee on Elections. This bill provides for a residence of 90 days in the county previous to election, and militates against "importations."

H. B. No. 12, by Mr. Thornton, entitled "Descents and distribution of estates, real and personal," read 1st time.

H. B. No. 13, by Mr. Wade, "To make U.S. Legal Tender Notes receivable for State and county taxes, licenses," &c., &c. Title of the bill explains its intention.

H. B. No. 14, by Mr. Wakefield, is intended to amend the Code by the adoption of a specific contract law.

H. B. No. 15, by Mr. Colt, relates to mining ditches and flumes, and repeals the act making mining claims real estate and therefore taxable property.

H. B. No. 16, by Mr. Lawson, relates to the collection and disbursement of revenue, and provides that Legal Tender notes and all Government currency be received and disbursed at the rate of 50 cents on the dollar. Quite a fresh phase in the currency question.

H. B. No. 17, by Thornton, "To punish the unauthorized use of trade marks."

These various bills read 1st time.

House adjourned.

AFTERNOON.

The following bills were introduced by Mr. Thornton:

H. B. No. 18, "To provide for the collection of taxes," read 1st time.

H. B. No. 19, "Concerning mill dams and mills."

H. B. No. 20, "To provide for incorporations other than those for pecuniary profit."

H. B. No. 21, relating to "Landlords and Tenants."

H. B. No. 22, "A bill concerning rights of occupying claimants."

Positively Mr. Thornton's last appearance. Hercules is said to have been a worker, but I doubt if he ever possessed the industry that Mr. Thornton manifests in earning his $3 per diem.

H. B. No. 23, by Mr. Gingles, relieves negroes and persons of unsound mind from serving as witnesses.

H. B. No. 24, by Mr. Lawson, amends the divorce act by increasing the causes for obtaining a divorce.

H. B. No. 25, relates to assayers. Requires a county license; that assayers take an oath to be faithful, and file a bond, conditioned on the faithful performance of the work entrusted to them.

House adjourned.

IN THE SENATE.

The morning commenced by prayer from Rev I Dillon. Mr President being wanted in a case before the Supreme Court, asked leave of absence and Mr Hovey took the chair.

S B No 1, was read 2d time and referred to committee on counties.

Mr Hovey gave notice that at an early day he should introduce a bill for the enforcement in the Courts of specific contracts.

Messrs Palmer, Greenwood and Curl were appointed on the part of the Senate to visit the ten acres offered as a donation by J L Parrish, Esq, and which for the site of a State Insane Asylum.

S B No 2, by Mr Hinsdale, relating to roads and highways, was read first time.

Mr Frazer gave notice of a bill to amend "Estray Law," and after dinner the Senate met and adjourned without transacting any business whatever.

SALEM, Sept. 21.

The House was opened by prayer from Rev. T. W. R. Selwood.

The Committee on Elections reported back to the House—

H. B. No. 8—Relating to qualifications of voters with a recommendation that it pass; and was ordered engrossed and read third time to-morrow.

H. J. R. No. 9—Was offered by Mr. Lafollet, in relation to national affairs—something similar to that offered by Mr. Lawson yesterday; and, like that, it was laid on the table.

H. J. R. No. 10—By Mr. Lawson, relating to an amendment of the Constitution of the United States and favoring the abolition of slavery, was read and referred to House Committee on Federal Relations.

A resolution was offered by Dr. Bowlby, that as a standing rule, the House meet in future at 10 o'clock A. M., and was adopted, the purpose being to afford the Judiciary Committees time sufficient to prepare reports on numerous important bills now referred to them.

On motion of Mr. Holman, a committee of three, composed of Messrs. Holman, Collins and Murphy, were appointed to examine and report on the condition of the common school fund.

H. B. No. 4—To prevent male stock running at large, was read the second time and came up for consideration.

The morning was principally occupied by discussion on the merits of the bill and in endeavor to amend, during which some members distinguished themselves by wit, and others abounded in argument. The bill being essentially necessary for the farming and stock raising community, was in a great measure argued by them, and different points at issue were illustrated by bits of personal experience. Some apparently tried to kill the bill, but the necessity was so apparent, and the want of proper protection of the interests of stock raisers so great, that the bill was accorded the full attention of the members and finally passed to third reading with some amendments. As it now stands, jacks and stallions of eighteen months of age, and buck sheep of four months of age, are not permitted to run at large; while, by amendment, boars and bulls are not included in the bill.

Noon came as the consideration of this bill ended, and the House adjourned, no other business being done, save the notices given by Messrs. Cox and Tate, of intention to present bills at some future day.

IN THE SENATE.

Senate opened with prayer by Rev. Mr. Leslie.

S B No 1—To organize Union County, was reported back from Committee on Counties. The bill was read 2d time and the amendments recommended by the Committee adopted, and the bill ordered engrossed.

S B No 3—By Mr Chrisman, was read first time; being a bill regulating salaries of County Judges.

S B No 4—By Mr Hinsdale, to establish a Board of Pilot Commissioners on the Umpqua river, was read first time.

S B No 5—By Mr Donnell, "A bill to provide for incorporation of churches, and charitable, literary and other societies," was read first time and ordered printed.

S B No 6—By Mr Eddy, "An Act to establish and regulate trade marks," was read first time.

S B No 7, by Mr Hovey, "To enable the Courts to enforce specific performance of certain contracts," read 1st time.

The Senate adjourned for noon.

HOUSE IN THE AFTERNOON.

H B No 5, relating to agents, consignees and factors, read 2d time and referred to committee on commerce.

H B No 10, to regulate weights and measures, read 2d time and became a subject of considerable interest, and a number of amendments were offered. Quite a discussion arose over the question of how many pounds should go to the bushel, resulting in the adoption of 36 pounds as the legal bushel of oats. The bill was finally referred to committee on commerce to be perfected.

H B No 1, to incorporate the City of Portland; came up in course, for its third reading; that being finished, the bill was made the special order for to-morrow at 11 o'clock.

House adjourned.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to September 20

NEW YORK, Sept. 21.—The *Times'* Washington special says:

Sheridan's grand success near Winchester is notable as the first victory ever achieved in the Shenandoah valley by the National arms, but it is so magnificent in its proportions as to completely wipe out the long series of reverses which have given that valley the designation of the "Valley of Humiliation."

The circumstances of the enemy's defeat leave Early's army in a condition little short of absolute demoralization. Taken in connection with Grant's position before Richmond, it will go far to decide the fate of Lee's army and Richmond. Lynchburg is now the only point in railroad communication with Richmond, and has compelled Lee to keep a large force in the valley, notwithstanding the terrible straits he has been put to for the want of troops to meet the movements of Grant's fatal menace, which the presence of Sheridan's army in the valley constantly held forth. He has been forced to submit to them at the peril of the loss of Lynchburg. The army covering that point, has, by Sheridan's splendid success, been disrupted and demoralized. We may look for the execution of that movement in the valley which has always been a part of Grant's programme for the capture of Richmond.

Co-operative moves, not now proper to mention, may be expected.

Those best informed in all the elements of the military situation express the utmost assurance that we shall take Richmond before the Presidential election.

BALTIMORE, Sept. 21.—The following, from the *American's* account of the great battle in the Shenandoah valley, is dated:

HEADQUARTERS MIDDLE MILITARY DIVISION, WINCHESTER, Sept. 19th, 9 P. M.—Sheridan's army this day fought one of the most successful and decisive battles of the war. Victory again perched upon our banner. The rebel army is defeated and utterly routed, with a loss of at least 4,000 killed and wounded, including five Generals. On Sunday morning Early sent Gordon's division of rebel infantry from Bunker Hill, where it had been stationed for the past few days, to drive Averill out of Martinsburg and destroy the bridge of the Baltimore and Ohio Railroad across the Opequan, which was erroneously thought to have been repaired. They occupied Martinsburg a short time without doing any damage to the railroad, and eventually was driven by Averill as far as Dukesville. Gen. Sheridan, learning of the movements, ordered his whole command to break up camp and prepare for the march. Accordingly, at 3 o'clock on Sunday the tents were all struck, and the different divisions under arms prepared to move at a moment's notice. At nine o'clock orders were received from Sheridan for the 6th and 19th corps to be ready to start at 3 o'clock, and the Army of Western Virginia under Crook at five o'clock. The following morning, shortly after five o'clock, Wilson's division of cavalry crossed the Opequan in the Berryville and Winchester Pike. Moving his command rapidly along the road and driving in the enemy's skirmish line, he gallantly charged the enemy's field works with the First brigade and carried them at the point of the saber, capturing thirty prisoners in the charge. Col. Bretton, of the 18th Pennsylvania cavalry was wounded within a few feet of the enemy's works while gallantly leading his regiment.

The field works were so constructed as to guard the ford at Opequan and prevent its passing that point. Our cavalry having secured a safe passage for the infantry, the 6th corps moved across the Opequan and along the pike towards Winchester to a point one mile and a half from the ford, when they formed a line of battle and threw out a strong skirmish line. At the same time the artillery opened on the woods into which the enemy's infantry had retired and kept up an incessant cannonade, the enemy replying briskly with parts of two batteries. There was a delay of two hours, caused by the non-arrival of the 19th corps, who through a misconception of orders, failed to come up at the proper time.

Sheridan having learned on Sunday, that the main body of Early's forces were encamped in the vicinity of Bunker Hill and Stephenson's Depot resolved to mass his force on Winchester and Berryville pike and by rapid movements hurl them on Early's rear. There is no doubt but that the enemy was completely surprised and outnumbered by Sheridan. While his different columns were being marched to the appointed place of rendezvous, a portion of our cavalry under Torbett and Averill kept up a strong picket line along the Opequan and by a demonstrating force at Burn's ford, kept a large portion of the enemy on that part of the field, which was 12 miles distant from the point where it was intended our infantry should operate and strike a blow which should result in the signal defeat of Early's army. The delay of the arrival of the nineteenth corps, enabled Gordon's division at a double quick from Bunker Hill—a distance of ten miles—to come up in time and form a line of battle with Breckenridge, Rainer and Rhodes's commands which had already arrived and formed in the belt of the woods skirting the Berryville and Winchester pike. As soon as the 19th corps arrived, it was formed in four lines of battle 300 yards apart on the right of the 6th corps. Everything being in readiness, the advance was sounded at noon. Two corps advanced in splendid style and composedly, as if they were on parade. The first line did not advance more than 200 yards before it became warmly engaged with the enemy who were posted in line 1600 yards distant. At the same time our artillery opened a furious cannonade, throwing shells and solid shot into the opposite woods where the enemy could be distinctly seen moving up reinforcements. Our different lines of battle continued to advance steadily until within 200 yards of the enemy's line, when the rebels opened a furious cannonade of grape and canister from two batteries which they had previously kept secreted and which plowed through the advancing lines, mowing down a large number of our men.

Our first line was obliged to give way under this murderous fire, and in retreating behind the second line threw it into momentary confusion, and that was obliged to fall back behind the third line, which had in the meantime been ordered to lie down in order to avoid, as much as possible, the effects of the withering fire which the enemy's batteries were directing against our lines. Our artillery was now brought up and posted in a commanding position to silence the batteries of the enemy which caused us so much annoyance. Our line soon reformed and again moved forward, regaining the advanced position which we held when we were obliged to fall back; but this success was not gained without the most obstinate resistance on the part of the enemy.

Gen. Sheridan had previously ridden along the lines, and was received everywhere with the greatest enthusiasm, and when they advanced it was with a terrible determination to do or die in the attempt. Having regained the advanced position previously occupied, the different lines of battle were ordered to lie down to await the arrival of Crook's corps, which had been held in reserve on the eastern side of the Opequan. Crook was ordered up to a position on the extreme right of our line in order to counteract a movement on the part of the enemy, who were moving troops to their left flank with a view of turning our right. At precisely 3 o'clock Crook formed on the right of the 19th corps, his first division being on the extreme right of our line, and the second division in the rear supporting the division of the 19th corps. Crook having formed his men, rode along the lines and received the most vociferous cheering, the men promising to go in and wipe out Winchester. Gen. Torbett, with Merritt's and Averill's divisions of cavalry, having crossed the Opequan at 9 o'clock at Burns' and Knox's fords, had all day been fighting considerable bodies of the enemy infantry and cavalry, and having been successful in steadily driving them before him, now arrived at our extreme right and prepared to take part in the final struggle which secured us victory. Gen. Sheridan rode out to where Torbett was stationed, and after consultation with him as to the part the cavalry were to take, ordered a final charge, which was made with such impetuosity that nothing could resist it. Our line extending nearly three miles in length, advanced amid cheers and yells which could be distinctly heard above the noise and din of battle. As our lines advanced closer and closer to those of the enemy, the battle became more and more fierce and the slaughter awful. Artillery discharges could be distinctly seen dropping all around, and the two commanding generals at some points were not over 200 yards from the enemy. Just at this critical moment, amid the roar of musketry and artillery, and the fierce yells of the contending armies, could be heard the shrill notes of the cavalry bugle sounding the charge which was a death knell to Early's army. There could be seen the gallant Custar and Merritt, each with their headquarters' flag in hand, conspicuous among the advancing squadrons gallantly leading the charge, which, in connection with the desperate courage of our infantry, secured victory. The columns of Early's command was forced to give way and break before the fierce onslaught of our cavalry upon them, who, saber in hand, rode them down, cutting them right and left and capturing 720 privates and non-commissioned officers, nine battle flags and two guns. The broken and demoralized divisions composing Early's command were added to confusion, throwing away everything which could in any way impede their flight and strewing the ground with arms. Some made for the heights beyond Winchester, but were speedily dislodged by Averill's forces, and they began a hasty and ignominious retreat up the valley, where such of his command as are left are now scattered. Our victory is a glorious one, and is well calculated to thrill the heart of every loyal man.

WASHINGTON, Sept. 21.—Gen. Grant transmits the following extract from the Richmond *Sentinel* of yesterday:

A slight ripple of excitement was produced here yesterday by the report that a raiding party was advancing on Gordonsville, and that they were within a few miles of that place. The result of all our inquiries on this head is, that early yesterday morning a party of Yankee raiders—number unknown—visited the Rapidan bridge and, after destroying it, proceeded to Liberty Mills, five miles above, which they also destroyed. From the latter place they are believed to have gone back to Culpepper.

The operation alluded to by the *Sentinel* was performed by a force sent out previous to the battle of Monday. (Signed) STANTON.

NEW YORK, Sept. 21.—The *Herald's* City Point special of the 19th says: Cannonading was kept up till after midnight last night in the direction of our left. Rumor prevailed that the enemy had attempted to turn our left flank. It is not unlikely that a battle may grow out of this affair.

Information from the Army of the Potomac has been received to the effect that nothing important had occurred for the past three or four days. An attack by the enemy was expected on Monday, the 19th, but it did not take place. A number of deserters are coming in daily, but they bring no news.

NEW YORK, Sept. 20.—The Inter-Continental Telegraph Company, in connection with the Russian Government, are engaged in fitting out an expedition under the immediate supervision of Capt. Bulkard, U. S. A., for Oregon, the coast of Russian America and the country beyond Behring Straits. The expedition is to survey a route for a telegraph line and make other needful arrangements to put the whole extent of line fully in contract during the ensuing year. The projectors are sanguine that the line will be in successful operation between New York and London via San Francisco and St. Petersburg, by the middle of 1866. Sibley, President of the Company and P. M. D. Collins, Projector, will sail to-morrow for St. Petersburg with a view to completing arrangements already initiated with the Russian Government.

NEW YORK, Sept. 21.—Commander Carter, of the U. S. steamer *Michigan*, telegraphs to the Secretary of the Navy, dated off Johnson's Island, to-day, concerning the capture, by the pirates, of the steamers *Parsons* and *Island Queen*, that the pirates were pursued by him. He has the principal agent a prisoner on board, and many accomplices. He adds that all is well and safe at present. Colonel Hill has six of the pirates on Johnson's Island.

SAN FRANCISCO, Sept. 22.—The Eastern Steam Ship Companies have reduced firemen's wages from 70 to 60 dollars per month. The firemen formed an association and struck for regular rates. Yesterday morning 200 of them appeared on Mission wharf and prevented any of the employes from going on board the steamship *America*. The police was roughly handled and unable to preserve order. The steamer hauled into the stream at 11 o'clock, when the mob commenced patrolling the water front to prevent men from being sent on board in boats. The agents were finally compelled to accede to the strikers' demands when her complement was filled and she sailed. She carried 250 passengers and the mails.

We have no later eastern news. The following items have not been published:

ST. LOUIS, Sept. 20.—The Flouring Mill of A. W. Fagin, on 7th street, was burned last night. Loss $160,000.

Army officers from below bring the report direct from Gen. Herron's Adjutant that Gen. Scott, commanding the rebel troops near Baton Rouge, sent a proposition to Herron to surrender from four to six thousand men, provided he would grant an unconditional pardon to the General and officers in command!

A gentleman from Duvall's Bluff, Ark., reports the arrival of Gen. Mower at Little Rock. With this force Steel will be able to take offensive. Nothing is known of the whereabouts of Price. Thirty or forty men of the 3d regular cavalry were captured 15 miles from Little Rock on the 6th.

LEAVENWORTH, Sept. 20.—Advices from Fort Smith says: The train which left here on the 1st for Fort Smith was captured by the rebels. The train consisted of one hundred wagons laden with supplies, 600 mules, 40 artillery horses and two sutler's trains.

HARPER'S FERRY, Sept. 21.—Reliable news from the front states that our army was crossing Cedar creek yesterday at 3 P. M. No fighting.

The following list of the rebel Generals killed and wounded is correct: Rhodes, Rainer, Gordon, Torrey, Goodwin, Bradley Johnson and Fitzhugh Lee.

Foreign News.

NEW YORK, Sept. 21.—The *Persia*, from Liverpool the 10th and Queenstown 11th, has arrived. An agent of Lloyds gives a report that a large and swift steamer had arrived at Bremerhaven and hoisted the Confederate flag. She carries 300 men and is pierced for forty guns. She is said to be commanded by Semmes.

The London *Gazette* announces the Queen's order that no war ships of either of the North American belligerents will in future be allowed to enter British ports, or remain for the purpose of being dismantled or sold.

The Vienna *Journal* admits that difficulties have arisen in the negotiations with Denmark, and says that France, England and Russia are acting in concert with the sole object of saving Denmark and effecting a reunion of the Duchies.

The official Prussian *Gazette* says that Prussia will reimburse the Jutlanders for contributions levied.

The following is Earl Russell's letter to Edward Bates concerning the *Georgia*:

I am directed by Earl Russell to inform you with reference to your letter of August 27th, that Her Majesty's Government are of opinion that the case of the *Georgia* must go before a Prize Court in the United States, and you must be prepared to defend your interests. (Signed) E. HAMMOND.

Legislative Proceedings.

SALEM, Sept. 22.—The House occupied to-day with consideration of the Portland charter, which finally passed. One amendment requires a city hospital for contagious diseases. A full report of the debate and attempted amendments will be sent by mail.

H. B. No. 8, relative to the qualifications of voters, also passed the House: ninety days' residence in the county required.

The importations into Polk were handled pretty roughly in the debate on the main question.

Senate passed a bill for the organization of Union county.

A Greenback Case.

HAVING been compelled to accept of Legal Tender Notes at par since the 17th day of December, 1862, for the rent of my handsome Brick Store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public that

Jacob Mayer

rented the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly under protest for the rent of the

CITY OF PARIS STORE,

Making less than two-fifths of the real amount said Mayer was to pay. He still occupies the building at a very advantageous rate, and even were he now to comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public with what kind of a man he and I have to deal, and the advantage of the times he took to get a low dollar's to him. At the same time, it is a LEGAL SWINDLE, and the public can readily see what it costs to be a scoundrel.

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, **Scovill's Blood and Liver Syrup.** It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held at the Council Chamber at 7½ o'clock last evening. President McCraken in the Chair. The following members answered to the call of their names—Councilmen Bennett, Frazar, Gradon, Hoffman, Roberson and Starr.

The minutes of the previous meeting were read by the Clerk and approved by the Council.

Petition of W. H. Crary & Co, for a continuance of license at "The Office" saloon, granted.

Petition of Weeks & Gilmore, and others, for the authorities lighting street lamp, corner Taylor and First streets, granted.

Petition of Dr. Ellwert, for the privilege of streets for building, amended, and granted.

Petition of A. C. R. Shaw, and others, for change of grade, on Fourth st., between Market and Hall, referred to committee on streets and public property.

A report of neglect of duty, on the part of city officers, in not prosecuting an injunction against the laying of side walks above the established grade of the city, was submitted by A. Well. Laid upon the table.

The committee on streets and public property reported adversely to the petition of R. Glisan, for a change of grade of certain streets, adopted.

The City Assessor, J. W. Going, submitted the assessment roll of the city for 1864, showing a total amount of real estate........$1,854,800 00
personal property........1,673,585 00

Total........$3,528,385 00

which report was referred to the committee on ways and means. Also, a statement of the refusal of Wells, Fargo & Co.'s Agent to comply with the requirements of the Assessor.

Warrants were ordered to be drawn in liquidation of claims against the city as follows: Well, Bros. & Co., rent of Council Chamber, one month, $40; Portland Water Company, $50; Richards & McCraken, $76; H. L. Pittock, $36; H. L. Hoyt, $21; Joseph Teal, $40.

Claim of E. M. Burton for $2,000, second payment on contract of building Engine House, referred to committee on fire and water.

Councilman Starr offered an ordinance establishing a base line to regulate city surveys, which was read a first time and laid upon the table.

Council Adjourned.

THE BRIG IS SHIPPING FREIGHT.—The bark Almatia, Capt. Richardson, was receiving freight for San Francisco up to the very minute of her departure yesterday afternoon, and was compelled even to leave freight on the wharf. This speaks in more eloquent terms than we could write, that the present is a season of prosperity among our producers. There are two other vessels to load for San Francisco this week, the bark *Clara R. Sutil* and the steamer *Brother Jonathan*, and it is thought they will have all the freight they can carry. The W. Valley is called upon for all it can produce, and we hope that our people will see the necessity of cultivating every spare acre in it, that we may keep up with the demand. Vessels visiting our port now hurry away as fast as possible for the inducements offered in San Francisco on merchandise for Oregon, and in order to keep the balances [illegible] we must never let them return empty. At present, with treasure and produce, we are doing pretty well, and if we use the *Bulletin's* figures on the relative value of cargos sent to us, are paying them off at the ratio of about one of our shipments for a dozen of theirs.

CRUELTY TO ANIMALS.—The bad condition of our streets are the means of much cruelty to animals, and we scarcely know who to censure most—those who permit the streets to get so bad in front of their premises as to cause accidents to horses, or the man who will cruelly beat a horse for stumbling into a bad place. A case occurred in front of the Farmer's Hotel on Wednesday that should receive some attention from the city authorities, and in case there shall be nothing more done in reference to it than to compel the street to be repaired, that would be [illegible]. A horse was cruelly beaten there for [illegible] over which it could have no control in consequence of the condition of the street.

WHAT IS THEIR POLITICS?—Strangers will ask—on seeing the "Spread Eagle" posters on the streets to-day—what is the politics of the strangers who are to address the citizens at Willamette Theatre this evening. The subject will be political issues of the day, and it is something strange that the speakers did not announce from what stand point they view those issues. Unless the eagle has changed his spots look out for a squall from ye Dimmocratic stump—Jeff and all.

CHANGE OF PROPRIETORS.—The livery establishment corner of Washington and Second streets, was purchased by ex-Sheriff Ladd yesterday, and on Monday next he will succeed Mr. I. A. Austin in the business. The change from a fictitious "Ladd" to a real one cannot certainly disparage the credit of the station. Mr. Austin, we understand, is preparing for a visit to the East.

DEPARTURE OF THE ALMATIA.—The bark *Almatia* left Couch's wharf at 4 o'clock P. M. yesterday, in tow of the steamer *John H. Couch* for Springville, where she would take on 100 tons of wheat, and proceed this morning to Oak Point, taking 150,000 feet of lumber, for San Francisco. She has 400 sks flour, 113 sks wheat, 168 sks potatoes, 172 sks oats, 11 pigs [illegible], and one steam boiler, from Portland.

OUR NEW SENATOR.—By telegrams received yesterday from the State Capital we are informed that Hon. Geo. H. Williams, U. S. Senator elect, may be expected to return to his home in this city to-morrow. He will address the citizens by invitation, upon the evening of his arrival, the place to be announced to-morrow.

THE NEW WORLD.—The fine steamer *New World* was brought out yesterday and made a short trial trip, visiting Vancouver, testing her machinery, which has been newly refitted throughout. She was found to work in excellent style, and to-day she takes the place of the *Wilson G. Hunt* in the O. S. N. Company's line.

A DETENTION.—The machinery of the steamer *Wilson G. Hunt* caused a slight detention of the passage up the Columbia, by bad working yesterday, and she did not return to her pier until 8 o'clock in the evening, when she arrived with the usual number of passengers and a heavy treasure.

THE CIRCUS.—The troupe that have been performing for three evenings past in this city, "pull up stakes" this morning to move South, performing at Oregon City and Salem. They have won respect and popularity, and will continue to do so as they travel. May their "lines" fall in pleasant places.

OREGON CEMENT.—A company has been formed for the manufacturing of water proof cement out of the rock that abounds at the mouth of the Columbia river. The company consists of Joseph Jeffers, Gen. Adair, Professor Hopkinson, and Truman Powers.

THE CITY CHARTER.—The new charter of the city of Portland was adopted in the House of Representatives by a unanimous vote yesterday. No doubt is felt of its passage by the Senate.

THE CLARA R. SUTIL.—This handsome bark is at the foot of E street, Couch's wharf, where she will receive freight and passengers for San Francisco. She will sail to-morrow.

THE steamship *Sierra Nevada* sailed from San Francisco on Wednesday, for Portland direct. She will be due to-morrow, unless she is as "irregular" as the days of sailing."

LEGISLATIVE FAVORS.—We are under obligations to Representatives Wakefield and Wasserman for legislative documents.

THE LADIES of the Christian Commission are requested to meet in the vestry of the Presbyterian Church this afternoon at 2½ o'clock.

WE have a communication upon the Specific Contract question which will be published at the earliest moment possible.

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. *"Brown's Bronchial Troches"* give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*
REDINGTON & CO., San Francisco, Agents for the Pacific Coast.

Oregonians should test the merits of DR. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune in the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitters, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy26d&w

THE ATTENTION OF THE TRADE IS PARTICULARLY requested to the above favorite brand of Oysters. Messrs. McMurray & Co. claim to be the only firm that still adheres to the plan of opening the Oyster in its raw state by hand, thus preserving intact its native delicacy and flavor. The superiority of this method over the one in general use, of steaming the Oysters in bulk in order to open them, whereby the natural liquor is lost and a manufactured one has to be substituted, is apparent, and recommends itself to all who have given this brand a trial.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion, and pure bile produce nutricious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A word to the Aged.

In the decline of life the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

Letter from Oregon City

We take great pleasure in giving the following letter from a prominent member of the Union party in Clackamas county [illegible] in our columns

EDITOR OREGONIAN:

As a Union man whose first preference was for Pearne for Senator I am glad to see that your city proposes to [illegible] suitable public demonstration, the unconditional patriot [illegible] H. Williams who has been chosen by the [illegible] Legislature of Oregon to fill a place made illustrious by our dead Baker. These are days of principles more than of men and though [illegible] as well as ours would probably give him [illegible] Pearne, that need not [illegible] cheerful and hearty [illegible] will of a majority expressed in a constitutional way. The will of a majority is the law [illegible] Republic and especially in these [illegible] a defeated minority in the South are moving heaven and earth to destroy the Government and to prove the experiment of free institutions a failure, there should be the most cheerful unanimity among the friends of the Union.

Men who have the honor to be chosen standard bearers of the Union [illegible] on every side by [illegible] who will hold up their hands till the [illegible] the victory won. There should [illegible] cheers that can give comfort to a rebel in the South, or to a traitor in the North.

In the exhibition of pure [illegible] patriotism the triumph of [illegible] the cause of liberty and the [illegible] glorified.

If you need help [illegible] ratification meeting a few of us [illegible] and will come down with ready cheers for the Union and for our Honorable Senator. UNION VOICE.

A company of capitalists has been formed for the purpose of cutting [illegible] the mines of Gold Hill, Nevada Territory, to the depth of fifteen hundred feet.

CINCINNATI, Jan. 8, 1861 [illegible] *Scovill & Co.—G[illegible] I feel it a duty I owe to the [illegible] to let them know the value of your Dr William Hall's Balsam for curing of Coughs. My little girl, seven years old, was attacked of Croup and came very near dying. I gave her Dr Wm Hall's Balsam, as directed, which cured her in a very short time. We have used it in cases of bad colds with the happiest effect. Benjamin Pillax, Eighth street, between Main and Sycamore streets.* For sale by Druggists everywhere. BOILS.

WE READ THAT ONE OF the severest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood and that humor of some kind is lurking there, and the purifying of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, [illegible] at once to purify the system. Do you ask what will do this? [illegible] Scovall's Blood and Liver Syrup. It is curing humors in every form [illegible] and there is not a State [illegible] has not accomplished the most astonishing cures. REDINGTON & CO., Agents, 416 and 418 Front Street, San Francisco.

MEETING OF THE COMMON COUNCIL.—The regular weekly meeting of the Common Council was held at the Council Chamber at 7½ o'clock last evening, President McCraken in the Chair. The following members answered to their names:—Councilmen Bennett, Frazar, [illegible], Holman, Roberts and Starr. The minutes of the previous meeting were read by the Clerk and approved by the Council. [illegible] of W. H. Cary & Co. for [illegible] [illegible] The Office [illegible] granted [illegible] [illegible] of Weeks & Gilmore [illegible] [illegible] lighting street lamps [illegible] [illegible] granted. Petition of Dr. Elwert for the privilege of street [illegible] building, amended and granted. Petition of A. C. R. Shaw and other [illegible] grade on Fourth st., between Market and [illegible] referred to committee on streets and public property. [illegible] report of neglect of duty, [illegible] prosecuting an [illegible] against the [illegible] of side walks above the established [illegible] was submitted by A. Weil [illegible] laid upon the table. The committee on street and public property reported adversely to the petition of [illegible] for a change of grade of certain streets [illegible] adopted. The City Assessor [illegible] submitted the assessment roll of the city for 1864, showing a total amount of real estate [illegible] personal property [illegible] Total [illegible] This report was referred to the committee on ways and means. Also a statement of the refusal of Wells Fargo & Co's Agent to comply with the requirements of the Assessor. Warrants were ordered to be drawn in liquidation of claims against the city as follows: Weil [illegible] & Co. rent of Council Chamber one month $70; Portland Water Company [illegible] Richards [illegible] [illegible] $76; H. L. Pittock, [illegible] Hoyt [illegible] Joseph Teal, $40. Claim of E. M. Burton for $2,000 [illegible] on contract of building Engine House referred to committee on fire and water. Councilman Starr offered an ordinance establishing a base line to regulate city surveys, which was read a first time and laid up on the table. Council Adjourned.

THE RISE IN SHIPPING FREIGHT.—The bark [illegible], Capt. Richardson, was receiving freight for San Francisco up to the very minute of her departure yesterday afternoon and was compelled to leave freight on the wharf. This speaks in more eloquent terms than we could write, that the present is a season of prosperity among our producers. There are two other vessels to load for San Francisco this week, the bark [illegible] and the ship *Brother Jonathan*, and [illegible] they will have all the freight they can carry. [illegible] Willamette Valley is called upon for all it can produce, and we hope that our people will see the necessity of cultivating every spare acre [illegible] that we may keep up with the demand. [illegible] vessels visiting our port now hurry away as fast as possible for the [illegible] offered in San Francisco on merchandise for Oregon, and in order to keep the balance in our favor we must never let them return empty. At present with treasure and produce we are doing pretty well, and if we use the *Bulletin's* figures on the estimated value of cargoes sent to [illegible] paying them off at the ratio of about one of ours [illegible] a dozen of theirs.

CRUELTY TO ANIMALS.—The bad condition of our streets are the means of much cruelty to animals, and we scarcely know who to censure most—those who permit the streets to get so bad in front of their premises as to cause accidents to horses, or the men who will cruelly beat a horse for stumbling into a bad place. A case occurred in front of the Farmer's Hotel on Wednesday that should receive some attention from the city authorities, and in case there will be nothing more done in reference to it than to compel the street to be repaired, that would be considerable. A horse was cruelly beaten there for an accident over which it could have no control in consequence of the condition of the street.

WHAT IS THEIR POLITICS?—Strangers will ask—upon reading the "Spread Eagle" posters on the street corners to-day—what is the politics of "the undersigned" who are to address the citizens at Willamette Theatre this evening. The subject will be political issues of the day, and it is something strange that the speakers did not announce from which stand point they view those issues. [illegible] the leopard has changed his spots look out for a howl from ye Dimmecratic stump—Jeff and all.

A CHANGE OF PROPRIETORS.—The livery establishment corner of Washington and Second streets, was purchased by ex Sheriff Ladd yesterday, and on Monday next he will succeed Mr. I. A. Austin in the business. The change from a [illegible] to a genuine one cannot certainly disparage the stock of the concern. Mr. Austin, we understand, is preparing for a visit to the East.

DEPARTURE OF THE ALMATIA.—The bark *Almatia* left Couch's wharf at 4 o'clock [illegible] yesterday in tow of the steamer *John H. Couch* for Springville, where she would take on 100 tons of wheat, and proceed this morning to Oak Point, taking [illegible] feet of lumber for San Francisco. She has 400 [illegible] 146 sks wheat, 168 sks potatoes [illegible] pkgs merchandise and one steam boiler, from Portland.

OUR NEW SENATOR.—By telegrams received yesterday from the State Capital we are informed that Hon. Geo. H. Williams, U. S. Senator elect, may be expected to return to his home in this city to-morrow. He will address the citizens by invitation upon the evening of his arrival, the place to be announced to-morrow.

THE NEW WORLD.—The fine steamer *New World* was brought out yesterday and made a short trial trip, visiting Vancouver, testing her machinery, which has been newly refitted throughout. She was found to work in excellent style [illegible] day she takes the place of the *Wilson G. Hunt* in the O. S. N. Company's line.

A DETENTION.—The machinery of the steamer *Wilson G. Hunt* caused a slight detention of the passage up the Columbia, by bad working yesterday, and she did not return to her pier until 8 o'clock in the evening, when she arrived with the usual number of passengers and a heavy treasure [illegible]

THE CIRCUS.—The troupe that have been performing for three evenings past in this city [illegible] up stakes this morning as move South, performing in Oregon City and Salem. They have won respect and popularity, and will continue to do so as they travel. May their "lines" fall in pleasant places.

OREGON CEMENT.—A company has been formed for the manufacturing of water proof cement out of the rock that abounds at the mouth of the Columbia river. The company consists of J. [illegible] [illegible] Adair, Professor Hopkins, and [illegible] Powers.

THE CITY CHARTER.—The new charter of the city of Portland was adopted in the House of Representatives by a unanimous vote yesterday. No doubt seems to exist of its passage by the Senate.

THE CLARA R. SUTIL.—This handsome bark is at the foot of E street Couch's wharf where she will receive freight and passengers for San Francisco. She will sail to-morrow.

THE steamship *Sierra Nevada*, sailed from San Francisco on Wednesday, for Portland direct. She will be due to-morrow unless she [illegible] [illegible] the days of sailing.

LEGISLATIVE FAVORS.—We are under obligations to Representatives Wakefield and Wassermann for legislative documents.

THE LADIES of the Christian Commission are requested to meet in the vestry of the Presbyterian church this afternoon at 2 o'clock.

We have a communication upon the Specific Contract question which will be published at the earliest moment possible.

It is the very article that has so long been in demand at the mines. Its daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions and cheer the spirits. Yet the Bitters is the safest of all stimulants. Adventure in the Life of Napoleon I.—When an officer of the Government of the Revolution, the first Napoleon had been ordered out to disperse a body of rioters. Having drawn up his soldiers and some guns across the street, he waited their advance. They at length approached, sweeping down on him and his party like a furious torrent. The artillerymen, with their port fires lit, only waited his signal to pour showers of grape into the body of the mob. Unwilling to shed blood, he stepped out from his men to reason with the suffering and misguided people, and soon found himself face to face with their head, a virago of a woman, whose appearance presented a remarkable contrast to his own. She was of great size and enormously fat, while he, always very little, was at that time so thin, as well as small, that he was known by the sobriquet of "Le Petit Corporal." He remonstrated with this lady; but she replied with volleys of abuse—telling him that while she and other hard-working people were starving, such idle fellows as he and his soldiers were fattening on the best of the land. With that eagle eye and remarkable promptitude which afterwards turned the fate of many a battle field, Napoleon saw at once the weak point of his adversary's position. He paused till she was out of breath. Then, taking off his hat, he bowed to the mob; and, placing his own thin figure beside that of his fat opponent, he asked them to say whether the good lady or he looked most like starving? As happens in more respectable assemblies than mobs, and elsewhere than in witty France, a good-humored joke won the day; and the people, for the time at least, quietly dispersed. A piece of rare good fortune, such as the chapter of accidents seldom turns up!—*Good Words.*

A Rap to John Bull.—The *Opinion Nationale*, after stating that the doctrine "peace-at-any-price" is selfish, immoral and absurd, reads the following lesson to John Bull:

You declare you won't fight, and stick that declaration in your hat by way of a cockade. See what happens: You sign a treaty—it is torn up; you intercede on behalf of Poland—it is exterminated; you protect Denmark—it is crushed; your anger produces a smile; your threats derision; John Bull, *mon ami*, why do you, who are perfectly at home with figures, keep up a fleet and an army, if you don't mean to use them? Suppress your fleet and army, honest John—your credit cannot possibly fall lower in Europe than it is now—and you will have economized from seven to eight hundred millions. With that comfortable sum you will be able to weave cotton nightcaps for all the long ears in the universe; and if the barbarians should attack you, you can always put off their attacks by paying tribute.

Statistics of France.—The entire population of France is 34,000,000. Of these 14,300,000 are engaged in agriculture; 1,300,000 in manufactures on a large scale; 4,700,000 in a small way. The members of the liberal professions number 2,268,000; of domestics, nearly 1,000,000. Of the two sexes employed as above, those of the male sex, beginning with the agriculturalists, number, under their respective heads just designated, 7,770,000, 8,000,000, 3,000,000, 1,500,000. At this rate there are upwards of 4,000,000 of females actively employed in the ways specified. Of this number 6,500,000 are engaged in agriculture, as owners of the land, or in still larger numbers as tillers of the soil. The women occupied in the liberal professions amount to 760,000. There are 26,768 physicians and apothecaries, and 12,656 *sages femmes*, or midwives. The proportion of the two sexes engaged in domestic service are 287,330 men and 618,076 women.

A badly banged up Emerald Islander, in response to the inquiry, "Where have you been?" said: "Down to Mrs. Mulrooney's wake; an illegant time we had of it. Fourteen fights in fifteen minutes; only one whole nose left in the house, and that belonged to the taykettle."

Those who are impressed by coincidences, may note that 2.90 is the highest point touched by gold during the war, and "290" was the original name of the *Alabama*, which after flourishing for a time like gold speculations, has gone down forever.

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July 6, 1860, page 7).

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

From the army hospital—the bloody battle-field—the mansion of the rich, and humble abode of the poor—from the office and the sacred desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

Ridgeway, W. T., Sept 10, 1864.

* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me.

C. A. FOAUTE.

South Wash., W. A., July 28, 1863.

* * * One young man, who has been sick and out of the Army for two years with Scrofula and Erysipelas, after paying the doctors over $500 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WOUNALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

Havemeyer Mansion, Fifty-seventh Street, New York, August 2, 1863.

"Dr. Drake: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness, and weak lungs, with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * Respectfully, MRS. O. M. DEVOE."

* * * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

REV. W. H. WAGGONER, Madrid, N. Y.

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use.

Thy friend, ASA CURRIN, Philadelphia, Pa."

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * The Plantation Bitters have cured me.

REV. J. S. CATHORN, Rochester, N. Y.

* * * Send us twenty-four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.

SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O.

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H. B. KINGSLEY, Cleveland, O."

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y.

etc. etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure for the maladies above mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once restored, revived and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING
OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.
